Let's Get Started!

SOLID Professor — DESIGN WITH CONFIDENCE
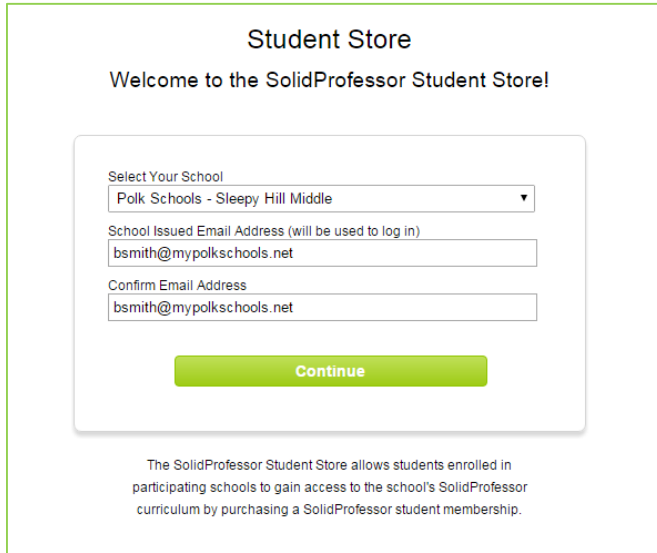

1. Go to www.solidprofessor.com/student-store/ and select your school from the drop-down menu. Enter your school-issued email address.
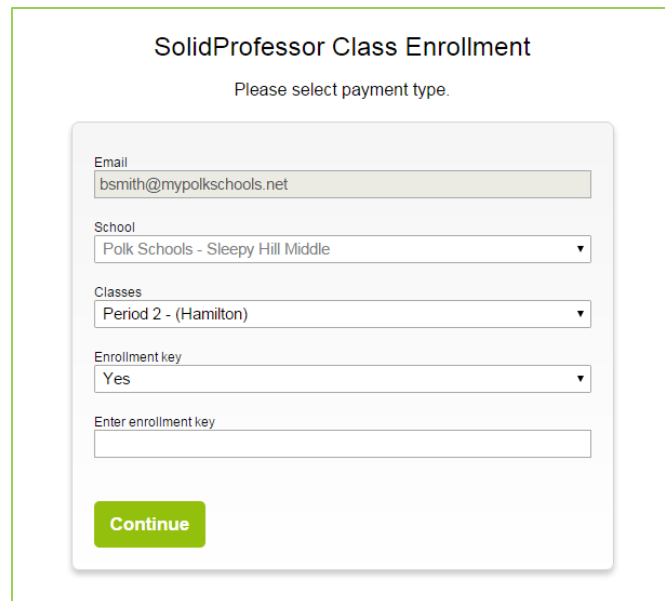

Note: You will NOT be able to correctly put yourself in your class if you click "Free Account" at the bottom of our homepage – please make sure you go to the Student Store.
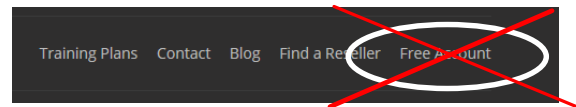

2. Confirm your email and select "Go," then verify your school, select your class, and enter the code you received from your instructor – make sure to include the dashes!

3. Fill out the form with your information to finish creating your account. You will receive an email with your login information.

4. After you create your account for the first time, you don't need to visit the Student Store or use your enrollment key ever again – just use your new username and password to log in at www.solidprofessor.com!
